Woodland Design to the UK Forestry Standard

Roger has designed thousands of hectares of woodland across England, including gaining a Landscape Institute Award for Old Pale, Delamere.

He has delivered UK Forestry Standard Landscape training events for the Forestry Commission and Mersey Forest as well as mentoring individuals. He offers bespoke training and support for organisations on the UKFS Landscape Guidelines.

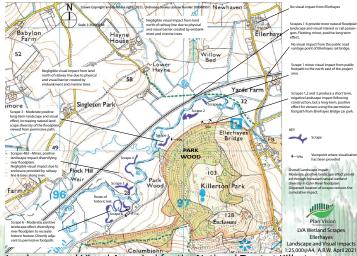

Recreation site master-planning & public access

Roger has undertaken the master-planning at a macro scale for all Forestry England sites across southern England including the popular Forest Centre destinations of:

Westonbirt Arboretum, Bedgebury Pinetum, High Lodge, Jeskyns, Wendover Woods (below), Haldon Forest Park, Beechenhurst, Wyre Forest Centre, Cannock Chase Forest, Moors Valley and Alice Holt.

Stakeholder consultation - Master planning Lake Vyrnwy, Severn Trent

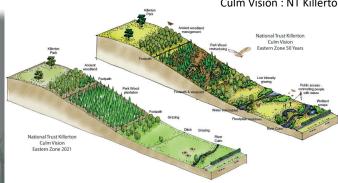

Community engagement Play - Rosliston, West Midlands

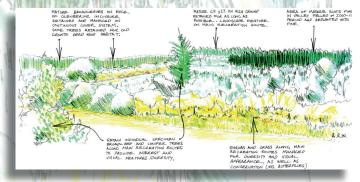

Heritage Landscape Restoration and Rewilding

New Forest: New Future 1000ha. heathland restoration (LI Award) Westonbirt Arboretum

Culm Vision: NT Killerton

Viewpoint analysis and visualisation

Examples of Strategic Landscape Vision include:-

- Plymouth Nature Improvement Area illustration
 - Suffolk Coast Landscape Partnership

 - Swindon Forest Plan (adjacent)

Roger Worthington BA Hons, DipLA, CMLI, MICFor

Roger launched his consultancy, Plan Vision, to utilise his skills and experience in Landscape Design and Forestry.

Roger is uniquely qualified to understand the convergence of these two disciplines as he is both a Chartered Landscape Architect and Chartered Forester. Since qualifying in 1995 he has successfully completed a wealth of diverse projects, some from his 28 years with the Forestry Commission and others from independent contracts with:

Severn Trent
The National Trust
East Devon Pebblebed Heaths
National Forest Company
The Woodland Trust
Forest Management Companies
AGB Environmental

Pages Wood, Thames Chase: Woodland design to reduce the visual impact of powerline corridor for the benefit of people and nature.

'Roger has probably designed a larger area of England's landscape than anyone living today'.

Roderick Leslie (Former CEO FE England)

Forest Vision: Transforming the Forestry Commission, 2014.

Roger is able to draw on his extensive experience to offer bespoke expert advice to clients who are scoping and defining new projects.

Plan Vision is based in East Devon, but undertakes work nationally and locally.
